Caring for life

Company Profile

About Us

Medtech is from Medtech Life Pvt. Ltd., a medical technology company with a worldwide reputation for products that offer superior protection, with high levels of comfort and performance in over 70 countries around the world.Medtech Life designs, develops, manufactures and markets a wide range of medical devices and equipment for homes as well as hospitals. Headquartered in Mumbai, India, Medtech Life has manufacturing facility in Western India and employs over 200 people. Medtech Life Pvt. Ltd. is an ISO 13485:2016 certified company with CE certification.

Our Vision

We are dedicatedly committed to the care and improvement of human life through a continuum of high-quality, cost-effective health and homecare products. We spend countless hours in our research and development centers to bring out the best-in-class innovative products for our customers and will continue to provide the best health and home care products for our customers and help them lead healthy lives.

Our Mission

We aim to discover, develop and innovate products for the betterment of human health and enhance the quality of life. We want to be recognized for having a positive impact on people's lives with our products. We strive for a motivating environment where creativity and effectiveness are encouraged in which people can realize their professional ambitions and where cutting-edge technologies are applied to develop inventive healthcare solutions. We intend to contribute to society through the positive impact and social benefits of our services.
